Dear Mrs. Manley:

I just returned to my office this morning and found your very nice letter. The Kansas City Monarchs have done just the thing the Newark Eagles are going to do, win both halves.

I talked to Mr. Baird last night. They are going to be in the East on the 15th to start the series about the 19th in Newark playing the 19th, 20th, and 22nd in your city and starting in Kansas City about the 26th, 27th, and 29th. I think that will work out fine. This of course, is merely a suggestion. I oppose playing the Series any place but Newark and Kansas City.

I am very glad that you won it because I think you and I agree that the Series should be played in the town of the winners regardless of the financial side of it. Just as soon as you cinch the pennant please let me know so that we can get together and work out things satisfactory to you.

I'm sorry I was out of town when your letter came and apologize for not writing to you before now. Let me hear from you.

Yours very truly,

J. B. Martin
President
